Re: Estuardo Valdemar Rodriguez and Leonor Rodriguez  
(EVR)  
WREV(AM), Reidsville, NC  
Facility Identification Number: 41442  
Special Temporary Authority (STA)  
BESTA-20200429AAM

Dear Mr. Rodriguez:

This is in reference to the request filed on April 29, 2020. EVR requests a further extension of the STA granted on April 16, 2019, to continue operating with reduced power to allow time to file the required FCC Form 301 application to modify the license to match the height of the existing tower, which was reduced by the tower owner.<sup>1</sup> In support of the request, we noted that EVR did not file the application over the past six months..

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and EVR may continue to operate daytime-only using the modified tower with a maximum of 0.5 kW. EVR must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310. EVR must submit an e-mail to my attention to note the date the application was filed.

---

<sup>1</sup> WREV(AM) is licensed for ND daytime only operation on 1220 kHz using 1 kW.

This authority expires on **November 18, 2020.**

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" written in a larger, more prominent script than the last name "Szczesny".
